# VELUX ACTIVE

Smart sensor-based operation of your VELUX skylights, and blinds.

with  
**NETATMO**

The No Leak Skylight™

**Internet Gateway**  
Connects to Internet to monitor indoor climate to provide feedback for operations

**Climate Sensor**  
Constantly measures temperature and air quality (humidity and CO<sub>2</sub>)

**Departure Switch**  
Securely close skylights and activate safe mode to limit skylight functions and only operate blinds

### Sensor-based ventilation

Smart sensors monitor temperature, humidity and CO<sub>2</sub> levels and operate your skylights accordingly for a healthier indoor climate.

### 3 times a day keeps the doctor away

Depending on local weather conditions, the system will air out three times a day, giving you a healthier home.

### Smart heat protection

Proactively closes your blinds based on local weather forecast information.

### Nighttime mode

You can choose for the blinds to go down at the end of the day for energy savings and privacy.

### Easy departure

Tap the VELUX ACTIVE departure switch on your way out to close your VELUX skylights and only operate blinds.

### Stay in control

Operate your VELUX skylights and blinds from your smartphone.

### Say the word

Apple HomeKit® compatibility lets you use voice control to operate your VELUX skylights and blinds.
