OVERHEAD DOOR FRAMES

enhance the
*curb
appeal*
of your HOME

Enhance the curb appeal of your home with durable aluminum clad garage door frames.

Titan Overhead Door Frames are designed to match the profile and finish details of Waudena Millwork exterior door frames. The two systems work together to provide strength and low maintenance benefits that'll keep your doors looking new for years to come.

Applications & Installation

- Available for new construction or retro-fit openings
- Nailing fin provides secure installation
- Simple assembly with only 5 screws in each corner

Shapes & Sizes

- 90° square, 45° clipped corner, or arch head (extended lead times may apply)
- Available for 4-9/16" (5-1/2" frame depth) and 6-9/16" (7-1/2" frame depth) wall construction
- Custom sizes up to 18' x 18' available by request

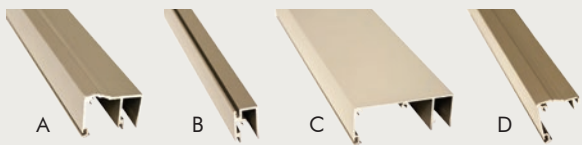

PROTECT WITH ALUMINUM FRAMES

Construction

- Durable .092" thick extruded aluminum cladding applied to an extruded PVC composite frame
- Composite backer is resistant to rot, mold, mildew and repels insects (available without backer for retro-fit openings)

Trim Options

Complete your look with trim options, designed to offer architectural aesthetics similar to wood.

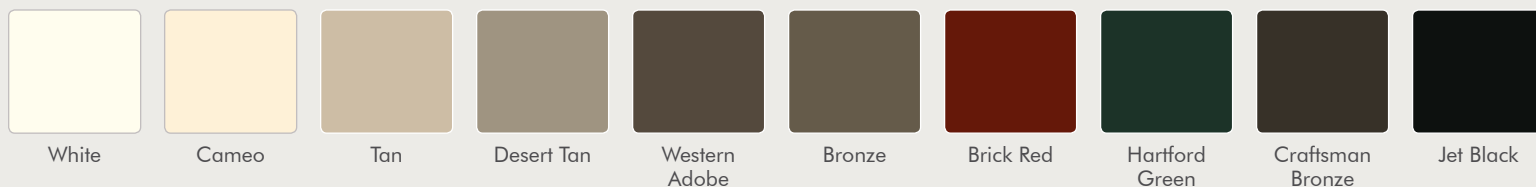

Trim Profile		90° square	45° clipped corner	Arch head
A	Brickmould Nosing	S	S	N/A
B	Narrowline Nosing	O	O	O
C	Flat Casing	O	N/A	N/A
D	Accessory Brickmould †	O	O	N/A

NOTE: S = standard, O=optional, N/A = not available, † = Available up to 14'

Finish & Colors

- The maintenance-free, powder-coated finish has great color retention and durability, and eliminates the trouble of having to repaint your frame year after year
- Choose from 10 standard colors and virtually any custom color to complement your exterior color scheme – the possibilities are endless

NOTE: Colors shown are as accurate as printing methods will permit.

Aluminum clad frame with brickmould nosing and nail fin
