

The No Leak Skylight™

Four great reasons to replace existing skylights when you replace a roof.

1 Save Money and Time

During a skylight replacement, a roofer removes the shingles around the skylight to re-flash and seal the window to the roof deck or curb. Therefore, the most ideal, cost-efficient time to replace a skylight is when you re-roof and are removing all the old shingles to lay down new ones anyway.

2 Coincide Warranties

VELUX is the only skylight company to implement three layers of protection to give you peace of mind against leaks. Our industry-first No Leak Warranty* covers your skylight and its installation against leaks for 10 years. If you replace when you re-roof, you can coincide your skylight warranty with your roof warranty for better overall protection.

**Velux flashing required. Visit thenoleakskylight.com for more information.*

- 1 The pre-attached deck seal on all deck mounted skylights for leak-proof installation.
- 2 Adhesive underlayment for secondary water protection.
- 3 Engineered flashing for primary water protection.

3 Improved Energy Efficiency

VELUX continually develops and tests our skylights to ensure we maintain our high standard of design. We offer Clean, Quiet, & Safe Glass (with advanced LoE coating) that provides the best balance of daylight and heat control, improving the energy efficiency of your window.

4 30% Federal Tax Credit

When you Go Solar, you can save big! Go Solar with VELUX by opting for our solar-powered skylights or shades and your entire project – product and installation – becomes eligible for a 30% federal solar tax credit. Save big on both your home's energy efficiency and in your pocket with VELUX solar-powered daylighting products.

The Go Solar Initiative

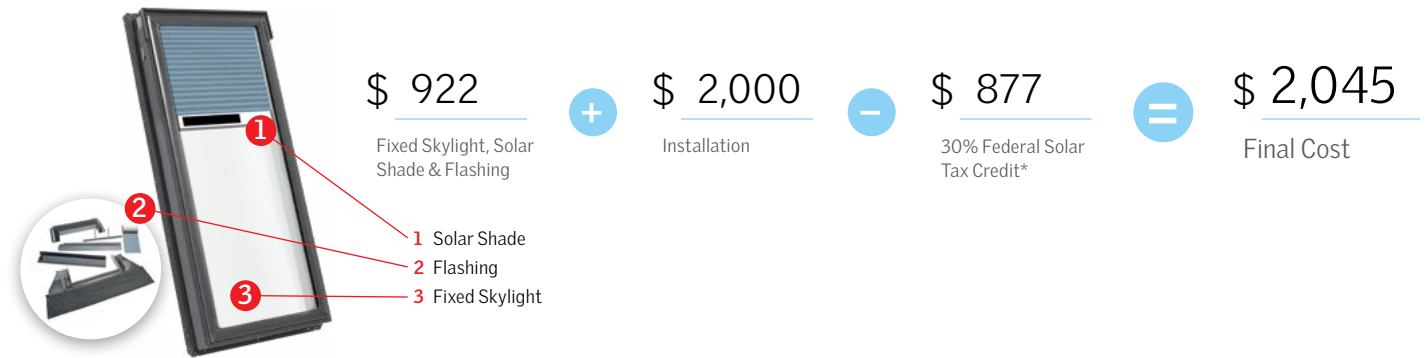

When you Go Solar by replacing your existing skylights with VELUX solar-powered products, you become eligible for a 30% federal tax credit on the entire cost of your products and installation. Just ask for the Go Solar option when you replace to save big!

Examples of VELUX Skylights with the Go Solar Option:

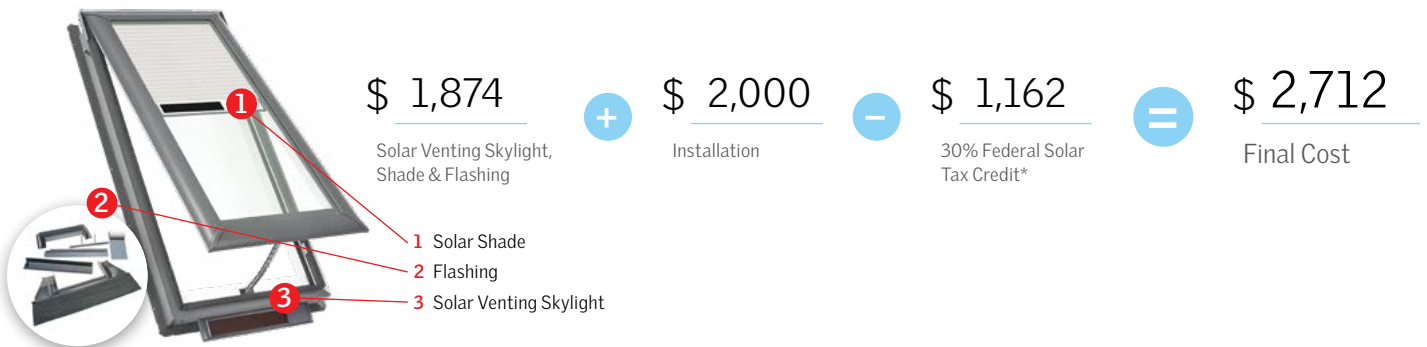

VELUX Fixed Skylight Option

Estimated Price & Savings

VELUX Solar Powered "Fresh Air" Skylight Option

Estimated Price & Savings

*Based on tax credit eligibility. For more information visit veluxusa.com/go-solar.

¹ VELUX ACTIVE Gateway not included with the Go Solar option for the VELUX Solar Powered "Fresh Air" Skylight.

² Represents average of all fixed skylight sizes. Actual installation costs will vary from these estimates based on common variables in roof construction and shaft construction. Local delivery costs and applicable sales tax not considered for these estimates. These numbers are provided as estimates only.
